## (RE)JOIN THE NATIONAL EMPLOYEE RESOURCE GROUPS CAMPAIGN

The chairs of the national Employee Resource Groups (ERGs) want to make sure local audience is able to meaningfully engage in all of the spaces cultivated by for you by the national ERGs. To do so, we are refreshing out currently ERG lists we send email communications to and also sharing out other platforms ERG engagement is happening.

We are refreshing/restarting the mailing lists for each of the National ERGs – in order to continue receiving monthly updates and updates from each ERG, you will need to formally [join/rejoin a National ERG by registering here: https://bit.ly/JoinNatlYERGs](https://bit.ly/JoinNatlYERGs). This link will put you into our data for any email communications, which will primarily be high-level announcements to specific groups for upcoming celebrations and events and the monthly ERG communication.

We also want to be able to reach out to your Employee Resource Groups if your Y is running them locally. **Please make sure to register your Local ERG** – we will need to have **every local ERG registered, even if you have registered in the past**– we need to know which groups are still active, who the leads are, and how we can best support.

## THE ERG COMMUNITIES ON LINK

The most updated information in the Movement is on Link – it's also where leaders from the National Office, other organizational leaders, and even our National President/CEO are reading and engaging with comments. As local leaders engaged with National ERGs, it's important for all of us to share our resources there, and for you as local leaders to push your questions, share your ideas, and engage in discourse there – **each National ERG has their own community on Link**, so **please make sure to join them and engage**.

## THE ERG COMMUNITIES ON FACEBOOK

And the local leaders who run our National ERGs have set up these Facebook pages for folks to engage in dialogue in a more casual space. Though these are private groups on Facebook, privacy and anonymity is offered, however like all social media platforms, has limitations. Here are the current Facebook page groups you can join:

- African American Resource Network:
