Do it Daily:

- Best practice is to review timesheets frequently throughout the pay period and to finalize on Friday or Saturday at the end of each week.
- Please have associates submit Time Away requests before Friday so that you can approve them before the accruals are calculated.
 - Sick and vacation accruals are calculated on the Sunday after the end of the pay period.
 - Timesheets with accurate records at that time will reflect an update to date accrual. It may take another pay period for accruals to catch up when approved after Sunday.

Reports:

To identify timesheets with unapproved time at any time during the payroll period, go to the **REPORTS** area on the *Timesheets* screen. Run the ***Unauthorized Records Report*** for your department. Make sure to update the date to the current pay period and uncheck all boxes except **SHOW MANAGER UNAUTHORIZED RECORDS**

Mobile App:

Just a reminder that the Dayforce mobile app can be used to approved timesheets. Instructions for configuring the Dayforce mobile app can be found in the reference section of the Dayforce HUB.
